68. Market Disruption	<p>Under certain circumstances set forth in the General Conditions, if the Issuer and/or Calculation Agent determines that a specified Market Disruption Event has occurred, any consequential adjustments in line with Combined Terms and Conditions may have an adverse effect on the value of this Product.</p>

Markets in some of the investments made as part of Underlyings (e.g. Hedge Funds, Illiquid Notes etc.), if any, may be themselves relatively illiquid, giving rise to potential difficulties in valuing and disposing of such investments, also due to possible soft or hard lock on investors' money, gate or suspend redemptions, wind-down, issue side pockets, or other redemption restrictions.
